MIAMI-DADE COUNTY, FL

OUR LEGACY

Legacy Basketball Academy is a year-round basketball development program serving young athletes through structured training, competitive travel basketball, mentorship, discipline and high-level competition. Our goal is to create an environment where athletes can develop on and off the court while families become part of a strong basketball community.

OUR MISSION

Create opportunities for young athletes to grow, compete and reach their potential - without allowing financial circumstances to determine how far they can go.
